

April 4 / 64.

Patty dear -

I do apologise - a) for not getting in touch with you long ago, which I have so often thought of, and intended to do. and b) for not sending the enclosed questionnaire back more promptly. I think it is a helluva good idea, and would be an utter hell, but am thankful that I don't have to arrange it! However I would be glad to donate my patting services, whenever they might be useful. You have heard from Jess (hosing) Eastwood that we will probably come together - so come us in, and let us know what develops, and how we can help. I'm going to write to Adeline and hope that she won't succumb to the shoo's! I went to get Miss Wardley's address (Mrs. Rayner, I mean) - was investigating camps at this point for two

of our young men - and I've one
and want to see if Tanamook is
too prohibition - I had of the past!
let's go up and have a dance -

The main reason I have been so slow
in that your letter arrived while we were
in the throes of packing for a 3-week
trip to Switzerland! - did you and
Frank visit while Victoria was at
Venetian? Molly (our second) is there
this year, and it seemed a very good
excuse for going over, and also for convin-
cing our friends to Switzerland, which
has always been my idea, rather than
a Coast-to-Coast of Europe, which I have
been trying to promote for years.
Well, it was perfectly glorious - Spring
in Zurich and Venetian - the flowers!
and winter in the mountains. We skied
at Garmisch and Partenquien - near St.
Moritz - walked - drank wine in side-
walk cafes overlooking Lake Venetian -
visited our Ambassadors in Bern - ate
everything from snails to porcupine to

2

Statistics - visited charming
people - Talked French (her) and
altogether had the most thrilling time.
Wally introduced us to people, places,
customs, etc. and it is fun being
taught a thing or six by one's daughter!
So I am still living at between 4000
and 10,000 feet - in a beautiful atmosphere -
pure - and slightly breathless! We
would adore to show you our pictures -
I am too few. I'm afraid - if you and
Frank ever meander down in this
direction. And Victoria - where is
she now? - she might enjoy sharpening
up her memory. Penny - our eldest -
is at Western this year, and trying
with a friend to go over to Germany
or Switzerland to work for the summer.
And I can't wait until we have another
daughter old enough - and hopefully
smart enough! - to go to Switzerland and
give us an excuse to go again.

We have enjoyed your Christmas
pictures of the kids - my they're a
handsome lot. And as I say -
I am thankful so often of getting to
touch with you - we did enjoy our
afternoon with the Sanders - and
liked them so much - it's such a
relief when one's old friends meet
nice people! Now 401 takes us further
still away from St. Thomas - but
perhaps with a daughter in hand
I will pop down - sometime -
Meanwhile - better if you are sure
down this way - we are 20 miles
east of Windsor - one mile south of
401 - one half mile north of 98.
Phone number - Woodale 80.

Hope the remind words are - and
doesn't involve too much words you
paid. Let me know what I can do -

Affectionately
Joan.

I'll mail it, but all my answers are NO.
I'm sorry, but I'm still avoiding the GROUP,
in form of prints. Incidentally have you read
'THE GROUP' it is most amusing - 1st book, &
rather frightening with thought. I'm delighted you
will be in Vancouver, & of course I will be too -
not even in the bathroom this time! Love Phoebe 75.1

I could put up 1 or 2 at least
if this would help anyone out.
If Ed was away with the children
I'd have room for a lot more.

I phoned Dorothy & she said she would like to get the letter, but if it was
on the Queen's birthday weekend,
she probably wouldn't be joining
us as she goes to Georgian Bay &
she didn't think she would remember
too many of us
